5 Drills and Desk together

Most teams need both products, so taking Drills and Desk together costs less. The table shows the combined prices; the larger combinations are quoted.

The screenshot shows the 'Pavitt Public Finance' website. The navigation bar includes links for Desk, Drills, Bench, Demo, Series, Pricing (active), Consulting, and Guides. There are also buttons for 'Request organisation trial', 'Sign in', and 'Get started'. A 'See the live demo' link is visible in the top right.

The main content area is titled 'Drills + Desk' and features the headline 'Save 20% when you take both.' Below this, a paragraph states: 'Drills builds the reflexes for routine treatments. The Desk handles the hard cases when they come up. Most teams and ministries need both, so we offer them together at a discount.'

A table titled 'Drills + Desk bundle' lists the following options and prices:

Bundle Option	Price
Individual + Practitioner	USD 54 / month or USD 528 / year
Team + Firm	USD 2,400 / year
Organisation + Firm	Contact us for combined pricing
Organisation + Customised	Contact us for combined pricing

At the bottom of the bundle section, there are three buttons: 'Start free trial', 'Subscribe', and 'Contact us for bundle setup'.

6 IPSAS Drills

IPSAS Drills has three plans: Individual, Team, with five seats to start, and Organisation, with unlimited staff in one entity. If a donor supports your IPSAS adoption, ask about the donor-funded pricing format, designed for a project budget line.

The screenshot shows the 'Pricing' page for Pavitt Public Finance's IPSAS Drills. The navigation bar includes links for Desk, Drills, Bench, Demo, Series, Pricing (active), Consulting, and Guides. There are also buttons for 'Request organisation trial', 'Sign in', and 'Get started'. The main heading is 'IPSAS Drills' followed by 'For staff and teams building IPSAS reflexes.' Below this, three pricing plans are presented in white cards on a light brown background.

7 Donor compliance

A donor compliance layer sits on top of the Desk. Every answer is also checked against that donor's grant procedures: eligibility, procurement and reporting, with the gaps and the actions to take called out. Choose one donor, two, or all of them.

Donor-funded deployment? If your IPSAS adoption is being supported by World Bank, EU, DFAT, MCC, FCDO, or another donor, ask about our donor-funded pricing format — designed to drop directly into a project budget line.

Donor compliance

Prove your spending follows each donor's rules.

Add a donor compliance layer to Desk. Every answer is also checked against that donor's grant procedures — eligibility, procurement, and reporting — with the gaps and required actions called out separately. Buy one donor, two, or all of them.

Desk + 1 donor
USD 69 / month
or USD 680 / year — Desk plus one donor layer

For an NGO or project office that reports to a single donor and needs to show grant compliance.

✓ Everything in Desk Practitioner
✓ Compliance review against one donor's grant rules
✓ Per-answer findings: what's satisfied, the gaps, and actions to take

Desk + 2 donors
USD 84 / month
or USD 830 / year — Desk plus two donor layers

For organisations that answer to two funders' requirements side by side.

✓ Everything in Desk Practitioner
✓ Compliance review against any two donors' grant rules
✓ Per-answer findings: what's satisfied, the gaps, and actions to take

Desk + all donors
USD 109 / month
or USD 1,080 / year — Desk plus every donor layer

For ministries and multi-donor programmes — current and future donor layers included.

✓ Everything in Desk Practitioner
✓ Compliance review against every donor layer we publish
✓ New donor layers added automatically, at no extra cost

8 Grant compliance on its own

An NGO or project office that does not report under IPSAS can check grant compliance on its own, without a Desk subscription.

Each option includes a Desk Practitioner subscription; the donor layer runs on top of Desk answers. Prices are shown in USD; at checkout you can pay in US dollars, euros, or pounds sterling.

Grant compliance only

No IPSAS to apply? Check grant compliance on its own.

For a small NGO or project office that doesn't report under IPSAS but still has to satisfy a donor's grant rules. Ask your question and get a grant-compliance review — eligibility, procurement, and reporting — with the gaps and the actions to take. No IPSAS treatment, no Desk subscription.

1 donor
USD 20 / month
or USD 200 / year — one donor, no IPSAS
For an NGO that reports to a single donor and doesn't apply IPSAS.

- ✓ Grant-compliance review against one donor's rules
- ✓ Per-answer findings: what's satisfied, the gaps, and the actions to take
- ✓ No IPSAS treatment and no Desk subscription

2 donors
USD 35 / month
or USD 350 / year — two donors, no IPSAS
For an NGO or project office that reports to two donors, without IPSAS.

- ✓ Grant-compliance review against any two donors' rules
- ✓ Per-answer findings: what's satisfied, the gaps, and the actions to take
- ✓ No IPSAS treatment and no Desk subscription

All donors
USD 60 / month
or USD 600 / year — every donor, no IPSAS
For a multi-donor programme that doesn't apply IPSAS — current and future donor layers included.

- ✓ Grant-compliance review against every donor layer we publish
- ✓ New donor layers added automatically, at no extra cost
- ✓ No IPSAS treatment and no Desk subscription

9 Regional and donor-funded pricing

Organisations in countries on the OECD DAC list of aid recipients pay thirty to fifty per cent less than list price, depending on the country tier. Governments adopting IPSAS with donor support can have pricing in a format that drops into a project budget line. Send a brief and we reply within a week.

Regional & donor

Regional and donor-funded pricing

We charge full list price to organisations in high-income countries. For organisations based in countries on the OECD DAC list of ODA recipients — particularly Least Developed Countries and Lower-Middle-Income Countries — we offer reduced pricing of 30 to 50 percent off list, depending on country tier and organisation type.

For governments adopting IPSAS with the support of an international donor (World Bank, EU, DFAT, MCC, FCDO, and others), we provide pricing in a format designed to drop directly into a project budget line. We will provide a sample budget justification on request.

To request regional or donor-funded pricing, send us a brief on your organisation, country, and intended use, and we'll come back to you within a week.

Common questions about pricing

Do prices include VAT or local taxes?

It depends on your currency. Prices shown in EUR and GBP include VAT. Prices shown in USD are exclusive of sales tax, which is calculated and added at checkout. Either way, the total is shown before you pay. For invoiced organisational plans, applicable taxes will be shown on the invoice.

Can we pay by invoice rather than card?

Yes — Team, Organisation, Firm, and Customised plans can all be invoiced annually in advance. Individual and Practitioner plans are card-only.

Can we cancel any time?

Yes. Self-serve monthly plans cancel at the next billing date. Annual plans run to the end of the period; we don't pro-rate refunds, but we don't auto-renew without a reminder.

What counts as one "query" on the Desk?

One query is one question with one answer, including any follow-up clarification within the same conversation. Practitioner plans have a generous 100/month allowance; in normal use, very few practitioners reach the cap. On Customised plans, the allowance can be set to match more extensive compliance review.

Is there a free version?

Both products offer a 14-day free trial with no credit card required to start. On the Desk, the trial includes every donor layer; after the trial you keep the layers you subscribe to. We don't offer a permanently free tier — keeping the products focused, accurate, and well-maintained requires real revenue.

Where is Bench pricing?

Bench, the competency-evaluation service, has its own sign-in and its own billing, so it doesn't appear in the plans above. Email bench@pfmexpert.net and we will quote for your team.
